Subject: RE: Tradebe Draft Permit Renewal

Ruth,

I need to check this with management and HQ whether we can proceed with draft permit issuance. We expect that Tradebe would submit their response for the information request (by EPA) sometime in early March.

Based on the information we receive, we would determine whether the SDS units can be exempted from RCRA permit.

It would be much better if we can make such determination before the IDEM issue the draft permit.

I am tentatively planning to issue Tradebe's Draft Permit Renewal by the end of February 2017. I will let you know if we are significantly delayed.

Thanks,

Ruth
